## Major requirements for students who start at OSU AU22 through SU23.

Students choosing a major in **Development Studies** are interested in careers in humanitarian aid, working with refugees, not-for-profit agencies, the environment, and the United States Agency for International Development. This major requires completion of a minimum of two years of language study. Coursework completed at OSU or abroad and/or appropriate placement test results can document this.

To fulfill the foreign language requirement students have three options: complete two years (4 semesters) of a single language, complete a foreign language minor or complete a second major in a language.

For those opting to complete two years in a single language at OSU, after completing 1101, 1102, 1103, you must complete one advanced language course in that language (see list on right).
