Major requirements for students who start at OSU AU22 and After.

Globalization is the process by which countries, through increasing contact, come closer together to create a single global system in which developments in one part of the world can profoundly affect individuals and communities in other parts of the world. This major requires completion of a minimum of two years of language study. Coursework completed at OSU or abroad and/or appropriate placement test results can document this.

For those opting to complete two years in a single language at OSU, after completing 1101, 1102, 1103, you must complete one advanced language course in that language (see list on right).
