FOREIGN LANGUAGE
All students must complete two full years of training in a single foreign language. But, you also have the choice of completing a minor or a second major in a language.

PRE-MAJOR COURSES
Pre-major courses give students a foundation in their area of study. Students should complete pre-major classes as part of their GE requirements:

- History 2550 (3)
- Psychology 1100 (3)

MAJOR COURSES
- Complete a minimum of 30 credit hours and 10 courses.
- Courses used in your major cannot also be used for GE requirements except in the case of double majors. See an advisor for details.
- You must earn a C- or higher in all courses on your major and have a minimum 2.0 grade point average in the major.

Students choosing a major in Security & Intelligence are interested in careers in U.S. Intelligence agencies (CIA, DIA, NSA), as well as the FBI, the military, and federal and state law enforcement. This major requires completion of a minimum of two years of language study. Coursework completed at OSU or abroad and/or appropriate placement test results can document this.

To fulfill the foreign language requirement students have three options: complete two years (4 semesters) of a single language, complete a foreign language minor or complete a second major in a language.

For those opting to complete two years in a single language at OSU, after completing 1101, 1102, 1103, you must complete one advanced language course in that language (see list on right).
