Students choosing a major in Security & Intelligence are interested in careers in U.S. Intelligence agencies (CIA, DIA, NSA), as well as the FBI, the military, and federal and state law enforcement. This major requires completion of a minimum of two years of language study. Coursework completed at OSU or abroad and/or appropriate placement test results can document this.

To fulfill the foreign language requirement students have three options: complete two years (4 semesters) of a single language, complete a foreign language minor or complete a second major in a language.

For those opting to complete two years in a single language at OSU, after completing 1101, 1102, 1103, you must complete one advanced language course in that language (see list on right).

In addition to the language requirement, students must complete one of the following minors:

  Prerequisite: AEDECON 2001 or (Econ 2001.01 or 2001.02)
